Personal statement

I am highly organised and very motivated, with a focused and clear approach to projects and coursework that has yielded excellent results in my studies. Recent achievements include a first-class degree awarded from the University of Birmingham.

I am currently preparing to start my career in the Computer Science industry and hope to create a good and fully rounded portfolio. I also wish to gain experience and relevant skills from this course.

Core Skills

- Experience with Java and Python
- Good problem solving
- Teamworking
- Excellent communication skills, both written and verbal
- Experience with Unity and C#
- Experience with GitHub

Work Experience

Private tutor, Tutorful, Online and in-person
(September 2018 – June 2019)

Worked as a private Maths (GCSE) tutor during gap year:
- Tutored multiple pupils at the same time
- Scheduled based on each pupil's changing times based on availability and their needs
- Created detailed lesson plans for each lesson
- Created a realistic timeline of progression for each individual pupil catered to different skill levels
- Monitored pupils' understanding of material and provided reports on each pupil's progress to parents
- Prepared tests for pupils to check progress and highlight improvement over time
- Demonstrated organisation skills and communication skills in discussions with parents
- Stayed productive during gap year

(September 2014 – June 2016)

- 10 GCSEs, grade A*-C, including Maths and English

Golden Hillock Academy
(September 2011 – June 2014)

Hobbies & Interests

I have been involved in a book club for the last two years that features group discussion. I very much enjoy being part of this group and hearing other opinions. I have an informal interest in games and game development.
